Section 1: General Information

1.1 Introduction

The Local Authority invites tenders from eligible bidders to implement the project for Collection, Transportation, Storage, Processing, and Recycling of _____ TPD of Construction and Demolition Waste (C&D Waste) based on a Design, Finance, Build, Operate & Transfer (DFBOT) contract.

1.2 Concession Period

The total concession period for the project is 25 years (from the date of award of completion certificate). The local authority will review the project term at the end of every 5th year. The review will lead to continuation of existing agreement or its modification based on the mutual agreement between local authority and concessionaire, or termination, in case either local authority or concessionaire wants to opt out of the project.

1.3 Brief Description of Bidding Process

1.3.1 One Tender per Tenderer

Each Bidder shall submit only one tender for this project. A Bidder who submits or participates in more than one tender will cause all the proposals with the Bidder's participation to be disqualified.

1.3.2 Bidding Process

Local authority has adopted a three stage bidding process. Bidders will be first shortlisted based on the pre-qualification eligibility criteria. Only pre-qualified bidders will be evaluated based on their technical proposal and financial proposal.

Criteria 1: Eligibility Criteria

Criteria 2: Technical Proposal

Criteria 3: Financial Proposal

All bidders are required to submit their technical and financial proposal completed in all respects in accordance with the instructions set forth in Section 3 of this RFP.

1.4 Eligibility Criteria

1.4.1 General Eligibility

- a) The Bidder shall be a registered company under Indian Companies Act 1956 or a Consortium with the Lead Bidder being a company registered under Indian Companies Act 1956. A special purpose company shall be formed by the successful bidder/consortium for executing the Concession Agreement. The eligibility of the consortium shall be assessed by adding individual qualification parameters of each of the members of the consortium.
- b) The Bidder or Lead Member of the consortium should be a registered company for last 3 years on date of publication of the bid on e-procurement portal.
- c) Number of members in a consortium shall not exceed three.
- d) Members of the Consortium shall nominate one member as the lead member (the “Lead Member”), who shall have an equity share holding of at least _____ of the issued and paid up equity of the special purpose vehicle (SPV). The nomination(s) shall be supported by a Joint Bidding Agreement, as per the format given in Annexure B, signed by all the other members of the Consortium; other members of the consortium shall hold a minimum of _____ of the issued and paid up equity of the SPV.

1.4.2 Technical Eligibility

Each Bidder in its name should have in last five years:

- a) Satisfactorily completed (not less than 80% of contract value), as a prime contractor, (or as subcontractor duly certified by the employer/main contractor) at least one work (in all classes of civil engineering construction works, manufacture and supply of ready mix concrete, stone crusher industry, m-sand manufacture, hollow block industry, solid waste processing and disposal management projects, and Construction and Demolition waste processing and disposal projects only) of value not less than _____ Rs.¹ The bidder shall provide supporting document from employer/main contractor.
- b) At time of submission of bids having owned or leased vehicles of good condition of minimum _____ (number of trucks/tractor trailers). The bidder shall provide documents to support the claim as well as roadworthiness of the vehicles owned/leased.

1.4.3 Financial Eligibility

- a) Achieved in last two financial years a minimum financial turnover of _____ Rs.²
- b) Demonstrated availability of liquid assets and/or availability of credit facilities of no less than _____ Rs.³ (Credit lines/ letter of credit/ certificates from banks for meeting the fund requirement, etc.).

¹ Criteria for both Financial and Technical eligibility is dependent on proposed project size (i.e. tons of C&D waste that will be handled) and size of the “catchment area” i.e. ward or city, metro city or a town.

² Ibid

³ Ibid

- 1.4.4** Bidders who meet the above-specified minimum qualifying criteria mentioned, will only be qualified.
- 1.4.5** Tenderers shall not be under a declaration of ineligibility by the local authority and Government of _____ (State).
- 1.4.6** Even though the Bidders meet the above criteria, they are subject to be disqualified if they have:
- a) Made misleading or false representations in the forms, statements and attachments submitted in proof of the Eligibility requirements; and/or
 - b) Record of poor performance such as abandoning the works, not properly completing the concession, inordinate delays in completion, litigation history, or financial failures etc.; and/or
 - c) Participated in the previous Tender for the same work and had quoted unreasonably high tender.

1.5 Tender Documents

1.5.1 Content of Tender Documents

The tender document consists of the following, and all of them shall be part and parcel of the tender.

- 1) Request for Proposal, consisting of:
 - Scope of Work
 - Instructions to bidders
 - Bidding forms
- 2) Concession Agreement (Draft)

1.5.2 Clarification of Tender Documents

Bidder requiring any clarification of the tender documents may notify the local authority by uploading on the website having the Request for Proposal. The local authority will respond to any request for clarification that it receives as per the deadline for uploading of tenders. Copies of the local authority's response will be uploaded to the website as per notification.

1.5.3 Pre-tender Queries

A pre-bid meeting would be held on date as specified in the schedule (clause 1.10) and as updated in the e-procurement website. The purpose of the pre-bid meeting will be to clarify issues and to answer questions on any matter that may be raised at that stage.

- a) Pre-bid queries can be uploaded through E-Procurement portal _____ or through a letter or email to the tender inviting authority _____.
- b) Response to the pre –bid queries shall be posted on the website _____.
- c) Non-uploading of queries in the E-portal will not be a cause for disqualification of a Bidder.

1.5.4 Amendment of Tender Documents

- a) Before the deadline for submission of tenders, the local authority may modify the tender documents by issuing addenda at the E-procurement portal.

- b) Any addendum thus issued shall be part of the tender documents and shall be communicated on the website.

1.6 Cost of Tendering

The Bidder shall bear all costs associated with the preparation and submission of his tender, and the local authority will in no case be responsible and liable for those costs. Fee chargeable for the tender documents is Rs. _____, and is to be paid via demand draft _____, or via online payment_____.

1.7 Site Visits and Verification of Information

The bidder is advised to visit the site(s) and conduct their own due diligence studies and satisfy themselves with the details presented in this RFP document regarding management of C&D waste.

1.8 Review

Terms of the agreement will be reviewed every fifth year from the date of award of completion certificate to the concessionaire. The review will provide opportunity for modification of the agreement, or termination of the agreement, as mutually agreed upon by local authority and the concessionaire.

The review shall be carried out by an external committee formed for this purpose. The committee may have representative from other local authorities (who has experience in managing C&D waste) and independent subject experts.

1.9 Transfer

Project facility shall be transferred to the local authority in following scenarios:

- a) At the end of agreement period unless extension is granted.
- b) Termination of concession in case:
 - Event of force majeure
 - Event of default
 - Requested by either party (concessionaire or local authority) and mutually agreed upon post reviews as explained in section 1.8 and 2.9 of this document.

1.10 Schedule

S. No.	Event Description	Date
1	Invitation of Expression of Interest (EoI) by Local Authority	
2	Submission of EoI by Bidders	
3	Notice for pre-qualified bidders	
4	Tender Documents available for purchase _____	
5	Last date for submission of queries	-
6	Pre-bid Meeting	-
7	Last date for submission of Bid	-
8	Opening of Technical Proposals	
9	Presentation by shortlisted bidders (Based on Technical Proposal)	
10	Declaration of shortlisted bidders based on assessment of technical proposal	
11	Opening of Financial Proposals	
12	Declaration of winning bidder	-
13	Issue of "Letter of Intent" (LoI) by local authority to the winning bidder	-
14	Last date for acceptance by winning bidder	-
15	Issue of "Letter of Award" (LoA)	-
16	Last date for signing Concession Agreement	

Section 2: Scope of Work

2.1 Quantity and Characteristics of C&D Waste

2.1.1 Project Boundary

Local authority has total ___ wards with jurisdiction limit of an area of _____ km². The concessionaire will be responsible for collection, storage, and transportation of waste generated in Ward(s) _____ consisting of total area of _____ km².

{Insert map with clear project boundary, transportation routes, and location of project sites, collection centre(s), processing site}

2.1.2 Waste Generation

The local authority has estimated average availability of _____ tonnes per day C&D waste in the project area.

The main sources of C&D waste generation are:

- a) Waste generation by Bulk generators: _____ TPD/month (approx.)
 - Bulk Generators: Waste generators who generate more than 20 TPD or 300 tonnes per project per month are categorized as bulk generators. Rest are categorized as small generators.
- b) Waste available in open spaces: _____ TPD/month (approx.)
 - Open Spaces: C&D waste heaps are often found in open spaces like streets, roadside, parks, empty plots, riverbanks. Local authority will inform the concessionaire of location of such sites.

The C&D waste generation estimates provided here present the current scenario. The concessionaire shall plan for the C&D waste expected to be generated for next 25 years.

{Local authority shall provide data to indicate C&D waste generation trends, projections, seasonally/yearly variations, maximum (peak generation) and minimum estimates for C&D waste generated in city/or within project boundary}

2.1.3 Minimum Waste Assurance

- a) Local authority will ensure that the concessionaire will be the sole agency responsible for collection of C&D waste available in open spaces located within the project boundary.
- b) Additionally, the concessionaire shall collect C&D waste from the premises of bulk generators (and small generators) within the project area when notified.

- c) Local authority assures the concessionaire of a minimum quantity of _____ Tonnes of C&D waste available for collection on a _____ (weekly/monthly/quarterly) basis. If the conditions of this minimum waste assurance are not met, the local authority will provide a monetary compensation to the concessionaire to offset the losses associated with under-capacity operations.
- d) The amount for monetary compensation, in terms of INR for each deficient tonnes on _____ (monthly/quarterly) basis, shall be quoted by the Bidder in the financial proposal (refer Annexure B10).

2.1.4 Waste Composition

Based on the available estimates, the C&D waste generated in _____ (city/region) has following composition:

{Insert pie charts to show general composition of C&D waste available in the concerned region, covering following waste streams: Concrete, Bricks, Masonry, Soil, Sand, Steel, Wood, Plastics, Others. Characterization of C&D waste in this section helps in defining acceptability criteria. Waste streams listed here are C&D waste streams and rest shall be considered as non-C&D waste streams. If C&D waste is expected to contain any hazardous waste, it should be provided here.}

2.1.5 Acceptability of Waste

The concessionaire can refuse to collect C&D waste in case:

- a) If it is mixed with hazardous waste as notified in Hazardous Wastes (Management, Handling, and Transboundary Movement) Rules, 2008, and any amendments thereof.
- b) If it contains more than _____% of non-C&D waste materials (waste components that are not listed in clause 2.1.4)

2.2 Collection of C&D Waste

- a) The concessionaire shall set up a system to offer a _____x7 toll free helpline. The toll free number can be used by both bulk and small waste generators to schedule an on-demand collection of C&D waste by concessionaire from their premise.
- b) Local authority will advertise the number on its website and will take necessary actions to inform the waste generators of the services offered by the concessionaire.
- c) Bulk generators are mandated to submit a C&D waste management plan to local authority, to inform of type, location, extent of waste generation activity and their plan for managing the waste. A sample C&D waste management plan is present in Annexure A.
- d) Local authority will share the C&D waste management plans submitted by the bulk generators located within the project boundary with the concessionaire on a _____ (weekly/monthly) basis.
- e) The concessionaire shall make use of the information contained in the C&D waste management plans to contact the bulk generators for collection of C&D waste.
- f) The concessionaire will be responsible for collection of C&D waste from open spaces. Local authority will from time to time notify the concessionaire of location of such open spaces and approximate quantum of waste to be collected.

- g) The concessionaire shall notify the local authority on a _____ (weekly/monthly) basis, of C&D waste rejected from a generator based on the acceptance criteria given in clause 2.1.5.
- h) The concessionaire is responsible for ensuring that the open spaces notified by the local authority are clear of C&D waste within _____ (Hours) of notice.
- i) In case the waste at open spaces does not meet the acceptability criteria, the concessionaire shall inform the local authority within _____ hours, to make any alternative arrangements.
- j) Local authority will bear the cost of collection and transportation of waste from bulk generators, small generators, and notified open spaces within the project boundary to the collection centres and/or processing plant.
- k) The rate of payment in INR/tonne with distance ranges, shall be quoted by the Bidder in the financial proposal (refer Annexure B10).
- l) The payment rates will be reviewed during the 5 year Review (see Clauses 1.8, 2.9) and may be adjusted on mutually acceptable terms.
- m) The concessionaire shall arrange for accepting C&D waste at the project site(s) (collection centre or processing plant) free of cost provided it meets acceptability criteria given in clause 2.1.5.

2.3 Transportation of C&D Waste

- a) Concessionaire shall arrange for adequate number of vehicles for collection and transportation of C&D waste.
- b) The concessionaire shall deploy vehicles appropriate for transportation of C&D waste, including provisions for preventing spillage and dust emissions. In case of small quantities or narrow lanes, the concessionaire may use facilities such as wheeled containers/bins or small tippers.
- c) Vehicles used for transporting C&D waste should be GPS enabled. The concessionaire should monitor the vehicular movement with a web-enabled GIS and provide the online feed to the local authority.
- d) Concessionaire shall abide by the applicable Motor Vehicle Rules.
- e) Concessionaire shall follow the applicable local traffic rules. Local authority shall provide the guidelines for the timing and routes for transportation of waste.

2.4 Collection Centres

- a) Local authority will identify and allot land parcel(s) of size _____ at _____ locations to the concessionaire within the project boundary, to serve as C&D waste collection centre(s).
- b) The concessionaire may choose to develop these site(s) to serve as an intermediate facility to monitor, inspect, sort and store the C&D waste collected by the concessionaire from generators and open spaces.
- c) Concessionaire will bear the cost of designing, constructing, operating and maintaining the collection centre(s). These centre(s) will be setup on a design-build-operate-transfer basis with the local authority.

- d) To develop the allotted site(s), the concessionaire shall undertake:
- i. Site development: land clearing, earth filling, boundary and gate, adequate storm water drainage.
 - ii. Design and construction of infrastructure
 - For weighing the incoming waste
 - Waste characterization including inspection of waste for hazardous materials
 - Sorting
 - Storage
 - General facilities: water supply, electricity, sanitary facility, CCTV surveillance, etc.
 - Infrastructure required for environment management and monitoring
 - Provisions for health and safety of workforce such as first aid, Personal protective equipment (PPE)
 - iii. Operation and maintenance
 - Concessionaire shall use the collection centre to sort out the waste fractions that will not be processed at the processing facility.
 - Concessionaire can sell the waste fractions of immediate market value (e.g. metals, plastics, glass), or dispose the non-recyclable residues at the nearest municipal landfill at own cost.
 - Any tax implication on the sale of recoverables made is concessionaire's responsibility.
 - The concessionaire will be responsible for appropriate management of any hazardous materials contained in the C&D waste.
 - Concessionaire shall provide separate storage facility for the incoming waste, and the sorted waste fractions.

2.5 Processing Facility

- a) Local authority will identify and allot land parcel(s) of size _____ at location(s) _____ to the concessionaire to serve as C&D waste processing facility.
- b) Concessionaire will be responsible for undertaking:
 - i. Site development: land clearing, earth filling, boundary and gate, adequate storm water drainage
 - ii. Design and construction of infrastructure for
 - Weighing the incoming waste
 - Waste characterization including inspection of waste for hazardous materials,
 - Sorting
 - Size reduction
 - Material separation
 - Storage of recovered construction materials
 - Facility and equipment for manufacturing products from recovered construction materials
 - Facility and equipment for testing functional and environmental acceptability of the manufactured and recovered construction materials
 - General facilities: water supply, electricity, sanitary facility, CCTV surveillance
 - Infrastructure required for environment management and monitoring

- Provisions for health and safety of workforce such as first aid, Personal protective equipment (PPE)
 - iii. Operation and maintenance
 - The concessionaire will be responsible for appropriate management of any hazardous materials contained in the C&D waste.
 - The concessionaire is responsible for operating the facility at appropriate standard necessary to meet relevant environmental quality requirements (noise, dust, runoff minimisation, etc.) as set by the Pollution Control Board.
 - Concessionaire shall arrange for separate storage of incoming waste, recovered materials, and manufactured construction materials.
 - The concessionaire shall minimize the residue generation. The concessionaire shall utilize the inert residues on the processing site to maximum possible extent, and shall dispose the leftovers at the nearest sanitary landfill at own cost.
 - The concessionaire shall not use more than _____% of the project site to store or dispose the inert residues.

2.6 Recycled Construction Materials

- a) The concessionaire shall sell the recovered materials and manufactured construction materials at rates decided by the concessionaire.
- b) Any tax implication on the sale of such products made is concessionaire's responsibility.
- c) The concessionaire shall ensure that the recovered and recycled products fulfil the applicable BIS standards as well as standards recommended for green construction materials.
- d) Local authority will take necessary actions to promote procurement of recycled materials by government civil contracts.
- e) Local authority will take necessary actions to facilitate eligibility of concessionaire for receiving any applicable incentives given by any Government agency for recycled or green construction materials.

2.7 Permissions and Clearances

Concessionaire will be responsible for obtaining all the required permissions and clearances from State Pollution Control Board (SPCB) or any other concerned government agencies.

2.8 Reporting

The concessionaire will be required to report to the local authority for:

- Quantity and characteristic of incoming C&D waste on a _____ daily basis
- Quantity and characteristics of C&D waste rejected on a _____ (weekly/monthly) basis
- Hazardous waste components sorted and appropriately handled on a _____ (monthly basis)

- Recycled/processed components/products sold in market on a _____(monthly basis)
- Waste components sold in market after sorting (but not processed) on a _____(monthly basis)
- Inert residues utilized or disposed at all project sites on a _____ (monthly basis)
- Waste Management plan for all the project sites on a _____ (monthly) basis
- EH&S Monitoring Reports for all the project sites on a _____ (monthly) basis
- Complaints received and actions taken on a _____ (weekly) basis

2.9 Review

Review shall consolidate all the monitoring and reporting records for the preceding 5 years, and assess the agreement terms based on the:

- Waste characteristics and quantity of the waste received and processed
- Choice of technology and equipment chosen by the concessionaire
- Financial returns to the concessionaire
- Costs incurred by the local authority
- Applications and market demand of the recycled construction materials and products
- Environmental and social impact of the project at city/local level and regional level
- Complaints and grievances received by concessionaire and local authority

Section 3: Instruction to Bidders

3.1 Preparation of Tenders

3.1.1 Tender Formulation

- a) All submission must be as per the formats prescribed in this document (see bidding forms in Annexure). Technical Proposal and Financial quote must be submitted in the prescribed format given. Price quotation should be given in words and figures. In case of discrepancies in words and figures, the number in words will be considered.
- b) No post facto submission of documents will be allowed unless specifically asked for by the tender scrutiny committee.
- c) Submission of irrelevant documents not concerning with the subject of this tender should be avoided.
- d) Submission of vague documents, certificates or incorrect information in any aspect of the tender will not only disqualify the bidder but may also lead to further legal action for misleading the authorities.
- e) Conditional tenders, un-substantiated claims, offer, non-quantifiable benefits will be rejected.
- f) All correspondence and communications regarding this tender will be made with the tender inviting authority only.
- g) Bidders shall carefully examine the tender documents and fully converse themselves about all the conditions and matters, which may in any way affect the work or the cost thereof. If the bidder finds discrepancies or omissions in the specifications or other documents, or should he be in doubt as to their meaning, this should be cleared in pre-bid queries. Such modifications if any will be notified on the local authority's website.
- h) No alteration whatsoever shall be made in the text of the Bid form by the bidder. Any remark/deviation or explanation should be sent by uploading in the website.
- i) The Bid prepared by the bidder and all the correspondence and documents relating to the Bid shall be written in English language. Supporting documents and printed literature furnished by the bidder with his Bid may be in another language provided they are accompanied by an appropriate translation of the same into English language. Failure to comply with this condition may cause rejection. For the purpose of interpretation of the bid, the text in the English language shall prevail.
- j) The tender shall be signed by the Bidder or a person or persons duly authorized to sign

on behalf of the Bidder. He shall initial on all pages of the tender documents containing the entries and all corrections made therein. Failure to do so may disqualify the Bidder.

- k) Incomplete tenders or tenders not fulfilling any of the conditions specified above are liable to be rejected without assigning any reason.
- l) Bidder is advised to read carefully all tender documents and give complete information regarding his proposals, substantiating the same with calculations, drawings, literature, with clear reference to any standards adopted (which are not mentioned in the tender), in such manner that there is no ambiguity. If in the opinion of the tender scrutiny committee, the proposal is grossly incomplete and vague with suppression of facts, this will form sufficient reason for complete rejection of the tender on technical grounds.

3.1.2 Documents Comprising the Tender

- a) The tender submitted by the Bidder shall be in two covers and shall contain the documents as given below:
 - i. First Cover
 - Scanned copy of the Earnest Money Deposit (EMD) bank guarantee. The original physical copy of the EMD bank guarantee will be delivered to the tender inviting authority before the tender opening failing which the bid shall be rejected as non-responsive.
 - Eligibility Information as per formats given in Section 1, Clause 1.4.
 - Technical Proposal
 - Any other materials required to be completed and submitted by Bidders in accordance with these instructions.
 - ii. Second Cover
 - i. The Financial bid.
 - ii. Any other materials required to be completed and submitted by Bidders in accordance with these instructions.
- b) Checklist for Submission
 - i. Confirmation, Undertakings, transaction fee/EMD bank guarantee scan uploaded directly on the e-procurement portal.
 - ii. Details of the applicant as per Annexure B1
 - iii. Letter of undertaking as per Annexure B2
 - iv. Eligibility documents
 - Statement of experience in Operations & Management as per Annexure B3
 - Format for financial capability from Banker in Annexure B4 (1)
 - Format for Financial Capability from Auditor in Annexure B4 (2)
 - Information regarding litigations in Annexure B5
 - Power of Attorney for signing of Application in Annexure B6
 - Joint Bidding Agreement as per Annexure B7
 - Supporting documents
 - v. Technical documents

- vi. Letter for submitting the proposal as per Annexure B8
- vii. Technical proposal covering points listed in Annexure B9
- viii. Supporting documents
- ix. Financial Bid
- x. Financial proposal to be submitted as per Annexure B10

3.1.3 Tender Prices

- a) The tender price submitted by the bidder shall be for the whole works as described in Section 2.
- b) All duties, taxes, and other levies payable by the bidder under the concession, or for any other cause, shall be included in the total Tender Price submitted by the Bidder.

3.1.4 Tender Validity

- a) Tenders shall remain valid for a period not less than 180 days after the deadline date for tender submission specified in Clause 1.10. The tender with shorter period of validity shall be rejected as non-responsive.
- b) In exceptional circumstances, prior to expiry of the original time limit, the local authority may request the Bidders to extend the period of validity for a specified additional period. The request and the Bidders' responses shall be made in writing or email. A Bidder may refuse the request without forfeiting his earnest money deposit. A Bidder agreeing to the request will not be required or permitted to modify his tender, but will be required to extend the validity of his earnest money deposit for a period of the extension, and in compliance with Clause 3.1.5 in all respects.

3.1.5 Earnest Money Deposit

- a) Transaction fees and Earnest money deposit must accompany RFP document. The transaction fees should be paid online through E-procurement portal using any of the following payment modes: Credit Card, Direct Debit, National Electronic Fund Transfer (NEFT), and Over the Counter (OTC).
- b) The EMD of Rs. _____ shall be paid as a Bank Guarantee from a Nationalized or Scheduled Bank as per format in annexure. Scanned copy of the Earnest Money Deposit bank guarantee shall be included in the online first cover submission. The original physical copy of the EMD bank guarantee will be delivered to the tender inviting authority before the tender opening.
- c) Any tender not accompanied by an acceptable earnest money deposit and not secured as indicated in Sub-Clauses 3.1.5(b) above shall be rejected by the local authority as non-responsive.
- d) The earnest money deposit of unsuccessful Bidders will be returned within 20 days of the end of the tender validity period specified in Sub-Clause 3.1.4(a).
- e) The earnest money deposit of the successful Bidder will be discharged when the Bidder has signed the Concession Agreement and furnished the required Performance Security.

- f) The earnest money deposit may be forfeited:
- i. If the Bidder withdraws the Tender after tender opening during the period of tender validity;
 - ii. If the Bidder does not accept the correction of the Tender Price, pursuant to Clause 3.3.2; or
 - iii. In the case of a successful Bidder, if the Bidder fails within the specified time limit to:
 - Furnish the required Performance Security Deposit, or
 - Sign the Concession Agreement

3.1.6 Format and Signing of Tender

- a) Tender shall be typed or written in ink and shall be signed by a person or persons duly authorized to sign on behalf of the Bidder. The person signing the tender shall initial all pages of the tender where entries or amendments have been made.
- b) The Tender shall contain no alterations or additions, except those to comply with instructions issued by the local authority, or as necessary to correct errors made by the Bidder, in which case such corrections shall be initialled by the person signing the Tender.

3.2 Submission of Tenders

3.2.1 Uploading of Tenders

- a) The Bid shall be prepared and uploaded on the website before the closing date of tender.

3.2.2 Deadline for Submission of the Tenders

- a) Tenders must be received on the website before the deadline for submission. (Clause 1.10)
- b) The local authority may extend the deadline for submission of tenders by issuing an amendment in accordance with Clause 1.10, in which case all rights and obligations of the local authority and the Bidders previously subject to the original deadline will then be subject to the new deadline.

3.2.3 Late Tenders

- a) The E-Procurement portal does not allow late tenders.

3.2.4 Modification and Withdrawal of Tenders

- a) Bidders may modify or withdraw their Tenders before the deadline prescribed in Clause 3.2.2 before the tender deadline.
- b) No Tender may be modified or withdrawn after the deadline for uploading of Tenders.
- c) Withdrawal or modification of a Bid between the deadline for submission of bids and the expiration of the original period of bid validity specified in Sub-clause 3.1.4(a) above or as extended pursuant to Clause 3.1.4(b) is not allowed in the e-procurement system. If a bidder does the same through any other medium, then it may result in the forfeiture of the Bid security pursuant to Clause 3.1.5.

3.3 Evaluation of Tenders

3.3.1 Opening of First Cover (Technical Bid with EMD)

- a) The local authority will open the First Covers from all the pre-qualified bidders on date notified. In the event of the specified date of Tender opening being declared a holiday for the local authority, the Tenders will be opened at the appointed time and location on the next working day.
- b) Prior to the detailed evaluation of Tenders, the local authority will determine whether each Tender; (a) has been properly signed; and; (b) is substantially responsive to the requirements of the Tender documents.
- c) A substantially responsive Tender is one that conforms to all the terms, conditions, and specifications of the Tender documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the Works; (b) which limits in any substantial way, inconsistent with the Tender documents, the local authority's rights or the Bidder's obligations under the Concession; or (c) whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive Tenders.
- d) If a Tender is not substantially responsive, it will be rejected by the local authority, and may not subsequently be made responsive by correction or withdrawal of the non-conforming deviation or reservation.
- e) The Tender scrutiny committee will undertake the technical evaluation of tenders and make recommendations that will be considered by the local authority.
- f) If the Tender scrutiny committee is not satisfied regarding eligibility, technology, adherence to time schedule, viability of the O&M operations, project viability calculations, etc. the bidder may be asked to further prove his claims within the stipulated time. Failure to do so may disqualify the bidder.

- g) The tender scrutiny committee would submit an evaluation report. The committee will shortlist the bidders based on their total weighted score.
- h) Bidders awarded a total weighted score (based on technical proposal) of more than _____ will only be invited for the opening of their second cover (financial proposal).

3.3.2 Opening of Second Cover of Qualified Bidders and Evaluation

- a) The local authority will inform all the Qualified Bidders on the website the time and date fixed for the opening of the Second Cover containing the priced Tenders. The local authority will open the Second Covers of Qualified Bidders at the appointed time and date. In the event of the specified date of Second Cover opening being declared a holiday for the local authority, the Second Covers will be opened at the appointed time on the next working day.
- b) The bids will be evaluated on QCBS (Quality-cum-Cost Basis). Bid with highest aggregated score i.e. 80% (total weighted score based on technical proposal) + 20% (weighted score based on financial proposal), will be the winning bid.⁴
- c) The local authority would announce the Bidders' names, the Tender prices, Tender modifications and withdrawals, and such other details as appropriate at the opening. No Tender shall be rejected at Tender opening.
- d) The local authority will check the bids for any numerical errors. Errors will be corrected by the local authority. Where there is a discrepancy between the rates in figures and in words, the rate in words will be taken as final.
- e) The amount stated in the Tender may be adjusted by the local authority in accordance with the above procedure for the correction of errors and, with the concurrence of the Bidder, shall be considered as binding upon the Bidder. If the Bidder does not accept the corrected amount the Tender will be rejected, and the earnest money deposit may be forfeited in accordance with Sub-Clause 3.1.5 (f).
- f) If the tender of the successful Bidder is seriously unbalanced in relation to the local authority's estimate of the cost of the work to be performed under the concession, the local authority may require the Bidder to produce detailed price analyses for any or all items of the Bill of Quantities, to demonstrate the internal consistency of those prices with the construction methods and schedule proposed. After evaluation of the price analyses, the local authority may require that the amount of the performance security deposit set forth in Clause 3.4.4 be increased / decreased at the expense of the successful Bidder to a level sufficient to protect the local authority against financial loss in the event of default of the successful bidder under the concession.
- g) The local authority shall prepare minutes of the Second Cover Tender evaluation.

⁴ Local authority may choose to opt for a simpler decision making criteria where bidder with lowest tender price (among those meeting minimum technical criteria) is selected as winning bidder.

3.3.3 Process to be Confidential

Further information relating to the examination, clarification, evaluation, and comparison of Tenders and recommendations for the award of a concession shall not be disclosed to Bidders or any other persons not officially concerned with such process until the award to the successful Bidder has been announced. Any effort by a Bidder to influence the local authority's processing of Tenders or award decisions may result in the rejection of his Tender.

3.3.4 Clarification of Tenders

- a) To assist in the examination, evaluation, and comparison of Tenders, the local authority may, at its discretion, ask any Bidder for clarification of his Tender, including breakdowns of unit rates. The request for clarification and the response shall be in writing, but no change in the price or substance of the Tender shall be sought, offered, or permitted except as required to confirm the correction of arithmetic errors discovered by the local authority in the evaluation of the Tenders in accordance with Clause 3.3.2.
- b) Subject to sub-clause 3.3.4 (a), no Bidder shall contact the local authority on any matter relating to its Tender from the time of the Tender opening to the time the concession is awarded. If the Bidder wishes to bring additional information to the notice of the local authority, it should do so in writing.
- c) Any effort by the Bidder to influence the local authority in the local authority's Tender evaluation, Tender comparison or concession award decisions may result in the rejection of the Bidders' Tender.

3.4 Award of Concession

3.4.1 Award Criteria

- a) Subject to Clause 3.3.2 (b), the local authority will award the Concession to the technically qualified Bidder and who has offered the lowest evaluated Tender Price.

3.4.2 Local Authority's Right to Accept any Tender and to Reject any or all Tenders

- a) Notwithstanding Clause 3.4.1, the local authority reserves the right to accept or reject any Tender, and to cancel the Tender process and reject all Tenders, at any time prior to the award of Concession, without thereby incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for the local authority's action.
- b) All questions, disputes or differences arising under, out of or in connection with this tender shall be decided by the Commissioner of the local authority and his decision shall be final and binding.

3.4.3 Notification of Award and Signing of Concession Agreement

- a) The Bidder whose Tender has been selected will be notified of the award by the local authority prior to expiration of the Tender validity period by e-mail or facsimile confirmed by registered letter. This letter (hereinafter and in the Conditions of Concession called the "Letter of Award") will state the tender price that the local authority will pay to the Bidder in consideration of the execution, completion, operation and maintenance of the Works by the Bidder as prescribed by the Concession.
- b) The notification of award will constitute the formation of the Concession, subject only to the furnishing of Performance Security Deposit in accordance with the provisions of Clause 3.4.4.
- c) The Agreement will incorporate all agreements between the local authority and the Successful Bidder. Within 45 days of receipt of the Letter of Award, the successful Bidder shall form a SPV for execution of the concession agreement and inform the local authority about the same. The Agreement shall be signed between the local authority and the SPV formed by the Successful Bidder within 60 days from the date of issue of Letter of Award to the Successful Bidder.
- d) Upon furnishing by the successful Bidder of the Performance Security Deposit, the local authority will promptly notify the other Bidders that their Tenders have been unsuccessful.

3.4.4 Performance Security Deposit

- a) Within 20 days of receipt of the Letter of Award, the successful Bidder shall deliver to the local authority a Performance Security Deposit for construction in the form of a Bank Guarantee issued by a Scheduled bank for an amount equivalent to 5% of the accepted Project Set up Cost. This Bank guarantee would be returned after 1 year of plant operation. Further, prior to commercial operations, the Bidder shall provide Performance Security Deposit for operations in the form of a Bank Guarantee issued by a Scheduled bank for an amount equivalent to 5% of the estimated operational cost for subsequent 5 years.
- b) Refund of Performance Security Deposit
 - i. The Performance Security for construction shall be kept valid for the period of set up of the project and one year of operation; the Performance Security for operations shall be kept valid till the next review (scheduled at the end of every fifth year from date of award of completion certificate). The Bidder shall request local authority for release of the Performance Security and local authority, upon satisfaction, shall release Performance Security forthwith.

- ii. Failure of the successful Bidder to comply with the requirements of Sub-Clause 3.4.4 (a) shall constitute sufficient grounds for cancellation of the award and forfeiture of the Earnest Money Deposit.
- c) Performance Security Deposit for operations will be reviewed at the end of every fifth year from date of award of completion certificate. Previous Bank guarantee would be returned on receipt of Fresh Bank Guarantee.

3.4.5 Fraud and Corrupt Practices

The local authority requires that the Bidders observe the highest standard of ethics during the procurement and execution of such concessions. In pursuance of this policy, local authority:

- a) Will reject a proposal for award if it determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the concession in question;
- b) Will declare a firm ineligible, either indefinitely or for a stated period of time, for award of a local authority contract/concession if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a local authority contract/concession.
- c) Canvassing in any form will render the bidder disqualified.

Annexure A: Sample Waste Management Plan

Dated:

Name of Individual/Institution:

Project name:

Type of work (Construction / Renovation / Demolition):

Location:

Construction commencement date:

Construction completion date:

Estimated waste generation tonnes/day (average; maximum and minimum):

• Excavated Earth materials (vegetation, sand, soil):

• Concrete:

• Bricks and Mortar:

Annexure B7: Joint Bidding Agreement

THIS JOINT BIDDING AGREEMENT is entered into on ____ day of _____, ____

AMONGST

1. _____ (Insert Company name), a company incorporated under the Companies Act, 1956 and having its registered office at _____ (Insert registered address) (hereinafter referred to as the “**First Part**” which expression shall, unless repugnant to the context include its successors and permitted assigns)

AND

2. _____ (Insert Company Name), a company incorporated under the Companies Act, 1956 and having its registered office at _____ (Insert registered address), (hereinafter referred to as the “**Second Part**” which expression shall, unless repugnant to the context include its successors and permitted assigns)

AND (if required)

3. _____ (Insert Company Name), a company incorporated under the Companies Act, 1956 and having its registered office at _____ (Insert registered address), (hereinafter referred to as the “**Third Part**” which expression shall, unless repugnant to the context include its successors and permitted assigns)

The above mentioned parties of the FIRST, SECOND, THIRD PART are collectively referred to as the “**Parties**” and each is individually referred to as a “**Party**”

WHEREAS,

- (A) Local authority, having its principal offices at __ (hereinafter referred to as the “**Authority**” which expression shall, unless repugnant to the context or meaning thereof, include its administrators, successors and assigns) has invited applications (the “**Applications**”) by its Request for Proposal (RFP) No. __, dated: __ (the “**Tender**”) for “ Design, Finance, Build, Operate & Transfer __ MTPD Construction and Demolition waste processing facility including collection, transport, process and recycle Construction and Demolition waste for _____
- (B) The Parties are interested in jointly bidding for the Project as members of a Consortium and in accordance with the terms and conditions of the Tender document and other bid documents in respect of the Project, and
- (C) It is a necessary condition under the Tender document that the members of the Consortium shall enter into a Joint Bidding Agreement and furnish a copy thereof with the Application.

NOW

IT IS HEREBY AGREED as follows:

1. Definitions and Interpretations

In this Agreement, the capitalised terms shall, unless the context otherwise requires, have the meaning ascribed thereto under the RFP.

2. Consortium

- 2.1 The Parties do hereby irrevocably constitute a consortium (the “**Consortium**”) for the purposes of jointly participating in the Bidding Process for the Project.
- 2.2 The Parties hereby undertake to participate in the Bidding Process only through this Consortium and not individually and/ or through any other consortium constituted for this Project, either directly or indirectly or through any of their Associates.

3. Covenants

The Parties hereby undertake that in the event the Consortium is declared the selected Bidder and awarded the Project, it shall incorporate a special purpose vehicle (the “**SPV**”) under the Indian Companies Act 1956 for entering into a Concession Agreement with the Authority and for performing all its obligations as the Bidder in terms of the Concession Agreement for the Project.

4. Role of the Parties

The Parties hereby undertake to perform the roles and responsibilities as described below:

- (a) Party of the First Part shall be the Lead member of the Consortium and shall have the power of attorney from all Parties for conducting all business for and on behalf of the Consortium during the Bidding Process and until the Appointed Date under the Concession Agreement when all the obligations of the SPV shall become effective and
- (b) Party of the Second Part shall be the Technical/Financial/ other member of the Consortium
- (c) Party of the Third Part shall be the Technical/Financial/ other member of the Consortium

5. Joint and Several Liability

The Parties do hereby undertake to be jointly and severally responsible for all obligations and liabilities relating to the Project and in accordance with the terms of the Tender documents and the Concession Agreement.

6. Shareholding in the SPV

- 6.1 The Parties agree that the proportion of shareholding among the Parties in the SPV shall be as follows:
- First Party: Minimum of 51%.
 - Second Party: Minimum of 10%.
 - Third Party: Minimum of 10%.
- 6.2 The Party of the first part hereby undertake to hold a minimum of 51% (Fifty One percent) of the subscribed and paid up equity share capital of the SPV shall, at all times till the third anniversary of the date of commercial operation of the Project.
- 6.3 Each Party other than party of the first part undertake that it shall hold a minimum of 10% (Ten percent) of the subscribed and paid up equity share capital of the SPV shall, at all times till the third anniversary of the date of commercial operation of the Project.
- 6.4 The Parties undertake that they shall comply with all equity lock-in requirements set forth in the Concession Agreement.

7. Termination

This Agreement shall be effective from the date hereof and shall continue in full force and effect until the signing of the Concession Agreement and in accordance with the Concession Agreement, in case the Project is awarded to the Consortium. However, in case the Consortium is either not prequalified for the Project or does not get selected for award of the Project, the Agreement will stand terminated in case the Applicant is not pre-qualified or upon return of the Earnest Money Deposit (EMD) by the Authority to the Bidder, as the case may be.

8. Miscellaneous

8.1 This Joint Bidding Agreement shall be governed by laws of India.

8.2 The Parties acknowledge and accept that this Agreement shall not be amended by the Parties without the prior written consent of the Authority.

IN WITNESS WHEREOF THE PARTIES ABOVE NAMED HAVE EXECUTED AND DELIVERED THIS AGREEMENT AS OF THE DATE FIRST ABOVE WRITTEN.

SIGNED, SEALED AND DELIVERED

Annexure B8: Letter for Submitting the Proposal

Date:

To,
The Executive Engineer
Local Authority
Address:

Sub: Proposal for Design, Finance, Build, Operate & Transfer __ TPD Construction and Demolition waste processing facility including collection, transport, process and recycle Construction and Demolition waste for __ years

Being duly authorized to represent and act on behalf of _____
(hereinafter referred to as “the Bidder”), and having reviewed and fully understood all of the Proposal requirements and information provided, the undersigned hereby submits the Proposal for the project referred above.

We are enclosing our Proposal with the details as per the requirements of the RFP, for your evaluation. We confirm that our Proposal is valid for a period of _____ days from Proposal Due Date indicated in the RFP document.

Local Authority and its authorized representatives are hereby specifically authorized to conduct or to make any enquiry or investigations to verify the statements, document and information submitted with this bid and/or in connection therewith and to seek clarification from our bankers, financial institutions and clients regarding the same.

Yours faithfully,

(Signature of the Authorized Signatory of Bidder)

(Name and designation of the Authorized Signatory of Bidder)

Annexure B9: Evaluation Framework for Technical Proposal

Criteria	Score (1-10)*	Weightage
Proposed Organization structure and employment		
Transport Management Plan including details on transportation infrastructure		
Process flow charts		
Technology and equipment for both collection centre and processing plan. Specify if indigenous or otherwise.		
Methods and equipment for waste characterization and sorting		
Details on recycled product and materials, and methods for quality control		
Sample mass balance and energy balance for processing of 1 tonne of C&D waste for key recyclable products		
Land utilization plan for first 5 years		
Plan for residue management		
Utility Management plan such as water and electricity		
Environment, Health and Safety management plan		
Risk identification & mitigation plan		
Detailed Schedule of activities from start to completion of facilities and obtaining completion certificate		

Total Weighted Score:

* Higher score indicates better performance

Annexure B10: Financial Bid

Date:

To,
The Executive Engineer
Local Authority
Address:

Sub: Proposal for Design, Finance, Build, Operate & Transfer _____ TPD Construction and Demolition waste processing facility including collection, transport, process and recycle Construction and Demolition waste for ___ years

Dear Sir/Madam,

In response to the above, we are pleased to submit herewith our price bid/financial offer for the above mentioned tender

a) Regarding collection/transportation fee to be paid by local authority

Distance Criteria	Quantity Criteria	Rates (INR) per tonne of C&D waste
Distance range 1 _____ to _____ km	Quantity Range 1 _____ to _____ tonnes Quantity Range 2 _____ to _____ tonnes	
Distance range 2 _____ to _____ km	Quantity Range 1 _____ to _____ tonnes Quantity Range 2 _____ to _____ tonnes	

b) Regarding minimum quantum of waste assurance

Monetary Compensation against minimum quantum of waste assured	Compensation in INR per tonne of shortfall over 3 months
_____ to _____ tonnes per _____	
_____ to _____ tonnes per _____	

We agree to abide by all terms and conditions of the tender documents and draft Agreement.
We shall keep this offer valid for _____ days from the Bid Due Date.
In witness thereof, we submit this bid under and in accordance with the terms of the tender document.

Yours faithfully,
For _____
